NATIONAL

Background

Economics and business play an important role in our daily economic life. IYSA believes that the field of economics and business can also be one of the categories in which we can compete in making projects related to problems that occur in the global world today and their solutions.

Therefore, our *Indonesian Young Scientist Association* (IYSA) Indonesia will hold an international-level Invention competition special for the Business and Economics called ***International Youth Business Competition (IYBC)*** as the right learning platform to train students in deep-learning skills such as collaboration, critical thinking, innovation, and problem solving.

I*ndonesia Young Scientist Association* (IYSA) is an institution that moves on the development of the potential, talents, and creativity of Indonesian students by providing opportunities for Indonesian students in competition and non-scientific competition domestically or abroad.

Therefore IYSA stands as a form of our deep concern provide opportunities for Indonesian students specifically, in order to bring up potential and the skills needed and soul-building competition in them selves. We do this to create improvements in life. Because, we believe that every student has potential which can be developed.

Since its inception, IYSA has been active in a variety of ways activities that can be affiliated with a lot countries like: Malaysia, Thailand, Singapore, China, India, Taiwan, Turkey, Tunisia, Egypt, Abu Dhabi, and others.

Objectives

1. Provide a platform for invention and innovation event to develop creative mind and spirit for young talented students especially in science, environment and engineering.

2. Developing the skills of scientific research and interest in innovation and invention among young talented students.

3. Exchanging invention and innovation experiences through common interest between students regardless of their nationality.

General Provision

1. Participant is a student form Elementary, Secondary, and University
2. Each team consists of a maximum of 6 people
3. Each team must have 1 supervisor
